Clarence Darrow: The Search for Justice

Starring Gary L. Anderson

America's renowned Darrow portrayer

"This play is entirely timely and appropriate for our current national situation."...Trinity Journal

This is a full 2 act play with an intermission. Unless specified by agreement.

DESCRIPTION

In this play, Darrow recounts the greatest trials of his career, including the **Scopes "Monkey" Trial**, the struggles of the early unions and others, while providing personal insights into his character and philosophies through often humorous and moving anecdotes and trial excerpts.

Darrow never lost a Death Penalty case and his record of saving 102 men from execution is an historical fact. With a national debate focused on the preservation of civil liberties amid concerns for the public safety from terrorism, this powerful and absorbing portrayal of a remarkable American is uniquely appropriate to our current national state of mind.

Darrow: "Conspiracy laws, from the days of tyranny in England, down to today, when those in power use it as a club, has been the favorite weapon of every tyrant. It is an effort to punish the crime of thought. If there are still any citizens interested in protecting human liberty, let them study the conspiracy laws of the United States, which have grown until today no ones liberty is safe!" (1894)

"Anderson's performance was powerful and completely absorbing."...Trinity Journal

“Ever wonder what it would have been like to step back in time and hear the legendary lawyer Clarence Darrow? You still can.

Gary Anderson’s one-man portrayal, Clarence Darrow, returns you to the early decades of the last century, not with props or costumes, not with fancy sets or lighting, but with the sheer force of his performance, bringing to life the passions, contradictions and subtleties of Darrow, the man many consider the most brilliant attorney to ever argue the law.

With a nuanced monologue, Anderson reminds us why spectators lined up at dawn, why judges wept, why reporters howled, and why the name of Clarence Darrow still evokes in us the challenge that we can, that we must continue to fight oppression, to work for social justice.

I strongly recommend you give yourself this gift and see Gary Anderson put this together.”

-Phyllis Vine, author of One Man’s Castle: Clarence Darrow in Defense of the American Dream
